

The World Leader
In Data Elimination

HD-2
Hard Drive & Tape Degausser

HD-2 Degausser

For those who need to permanently erase data from hard drive or tapes, but don't need a high-volume degausser, the HD-2 offers the perfect solution. The compact HD-2 is ideal in office settings for erasing laptop, desktop, and network high-coercivity (magnetic) drives up to 1.25 inches high, as well as the full range of tape cartridge media, with no adapters needed. It's also very easy to use and only takes 60 seconds to eliminate data for good.

International Standards

Independently tested and certified to meet CE safety and compatibility standards.

Secure and Compliant

The HD-2 will help you meet government and industry standards requiring complete erasure of sensitive data prior to disposal, including:

- **NIST** (National Institute of Standards and Technology) Guidelines for Media Sanitization
- **NIST SP 800-36**
- **NIST SP 800-88**
- **PCI DSS** (Payment Card Industry Data Security Standard)
- **HIPAA** (Health Information Portability and Accountability Act)
- **PIPEDA** (Personal Information Protection and Electronic Documents Act)
- **GLBA** (Gramm-Leach-Bliley Act)
- **California Senate Bill 1386**

HD-2 Versatility

Up to 1.66" hard drives

Backup tapes

Up to six laptop hard drives at a time

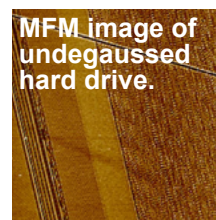

HD-2 Degausser

- Compact and easy to use.
- Internal field checker ensures complete erasure of hard drives and tapes.
- Complete erasure in 60 seconds.
- Erases 5,000+ Oe HD Media
- Independently tested and certified to **CE/ANSI** directives for electrical safety, compatibility and interference.

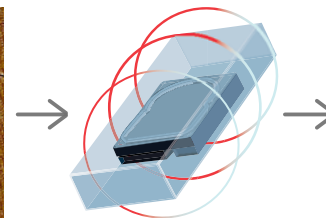

Permanent Erasure

Because the HD-2 provides high-powered magnetic erasure, degaussed data is gone forever and cannot be recovered. Magnetic erasure also means there's no software to buy, update, or upgrade. And the HD-2 technology used to erase magnetic hard drives and tape media will never become obsolete due to software or driver modifications.

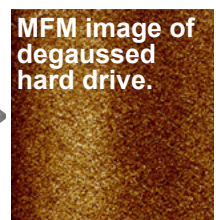

Degaussing: It's In The Science.

Media Bins

| SPECIFICATIONS | |
|-------------------------|--|
| Power Supply | 120V \pm 5%, 50/60 Hz (Factory Selectable) 230V \pm 5%, 50/60 Hz (Factory Selectable) |
| Power Consumption | During Standby: 24W During Charge: 480W avg. At the Time of Erase: 60W |
| Degausser System | Capacitive Discharge |
| Duty Cycle | Continuous |
| Erasure Time | Up to 60 1-inch hard drives per hour |
| Magnetic Field | .84 Tesla, 8,440 oe |
| Certifications/Listings | CE & ANSI |
| Media | Hard Drives: Laptop, Standard, Network up to 1.5-inches in height Tape Media: LTO, SuperDLT, DLT, AIT, 2590 Series, 8mm, & more |
| Drawer Capacity | 1.25 H x 4.25 W x 5.85 D inches (31.8 H x 108 W x 148.6 D mm) |
| Temperature | 41 - 104°F (5 - 40°C) |
| Humidity | 10% H - 40% H without condensation |
| Weight | 34 lbs (15.5 kg) |
| Dimensions | 5.95 H x 17.75 W x 13.3 D inches (151.1 H x 450.9 W x 337.8 D mm) |
| Warranty | 1-year factory limited warranty. 3-year optional limited warranty available. |

Note: Hard Drives and some tapes are not reusable after having been degaussed.
